Betreff: IMPORTANT MAIL TO Herr [REDACTED]

Sehr geehrter Herr [REDACTED],
Of course first all our best wishes for 2022 !

We saw your earlier films regarding the Nazi-period and Hitler. Here is the BIG STORY you might want to make a documentary or movie about. WE ARE 100 % SURE of our findings and would not waste anyone's time if we had any doubt whatsoever.

We (a writer- researchgroup from Holland) did spend 7 long years to grasp the truth regarding Hitlers life and especially his end. Of course he did NOT burn himself, that was for his ennemys, not for himself. His real end was just a great freemasonmasterscheme. The man did not survive some 42 murderattempts to burn himself at the end in a gardenplace !? He had his grave annex vault (with great treasure in it, lots of diamonds, gold and vanished European artwork, we estimate at least 1300 million euros)) already prepared as early as 1927, so there was no connection with the war whatsoever.

We even found the Jewish dentist that made a fake jaw for him that fooled totally the team of French investigators in 2019... (this dentist had to be executed in the last chaotic week of the war here in Holland on a direct order from Berlin....)

Our book, 522 pages with lots of unknown facts, was ridiculed, mainly by one fanatic fool, here in Holland who is writing his own "Masterpiece" about Adolf (he will have to appaer in court for all his actions very soon), but beside this stupid persons actions Hitler is still, REALLY resting for 76/77 years now in Fulpmes under the church. Just like the man he admired, another A.H. Andreas Hofer, the Austrian freedomfighter who rests under the church nearby in Innsbruck. Old name for Fulpmes was Vultmeis = Wolves of course. Of course Adolf did choose this church in the BAHN-strasse = trainstreet. (and everybody knows that Hitler had a great passion for trains) (he must have come to this idea of an underground treasurevault from a visit to Zurich, there is a whole

street of bankvaults under the ground in the BAHN-hofstrasse

In attachment our claim (in German) from a year ago to the authorities in Austria.....total silence after that ??? That's not a normal reaction at all from a serious authority !?

We have at least 300 clues from Hitler himself that he pulled it off and fooled the whole world in 1945, and that everything comes together there in Fulpmes (was also a trainingcenter for his mountaineer-troops that stayed in that beautiful Stubai-hotel) If you want to bring this amazing story in a documentary version, or have some questions regarding this story, or want to participate in our rightful claim, just contact us. Our Dutch publisher is a serious historian and he is also very convinced that we really found "him". After seven painstaking years of research we have ALL the answers and more...

On behalf of the Enigmacollective, with kind regards,

Theo Beenen. (former councilmember in Eindhoven, Philipstown) (and of course there was a lot more going on between Philips and Hitler than we were allowed to know)

Would be nice hearing from you because we were only searching for the true facts and we did find them all.

Adolf himself is resting in his tomb in a secret cavity under the church in Fulpmes. He even ordered making a movie called A.ufruhr der H.erzen about Fulpmes. Signed by his initials, director: A.H. of course, but there are many, many more facts that brought us to this place. His final hidden restingplace was his lifelong Masterpiece like the Freemason he was.

Of course we can understand the German language very well, but it was more easy to write this mail in English.

The postcard with Fulpmes on it was only something we came across long after our book and research was finished.

Mit freundlichen Grussen,
Th. Beenen.
